FE optical module

Overview

This module is specifically engineered to provide reliable and efficient data transmission over long distances, making it ideal for applications that require high bandwidth and low latency. Basic Information: Model: Huawei 02315205 eSFP FE LX SM131002315233 - Genuine Huawei SFP-FE-SX-MM1310 Optical Transceiver, SFP, 100M/155M, Multi-mode Module (1310nm, 2km, LC)Basic InformationModule name: SFP-FE-SX-MM1310Part Number: 02315233Model: SFP-FE-SX-MM1310Form factor: SFPApplication standard: 100BASE. 02315205 - Genuine Huawei eSFP-FE-LX-SM1310. This optical module can be used together only with a hybrid cable. On an optical network, a sender needs to convert electrical signals into optical signals before sending them to a receiver, and the receiver needs to convert received optical signals into electrical signals. Operating at 1310 nm with LC connectivity and 100 Mbit/s data rate, this compact eSFP module suits enterprise networks, campus aggregation, and telecom access in. Learn product details such as features and benefits, as well as hardware and software specifications. It delivers dependable 100 Mb connectivity over fiber cable, for 100BASE-FX compliant networks, with a maximum distance of up to 2. The H901OGHK board is a 48-port GE/FE optical interface board, providing Ethernet optical access.

Cisco Transceiver Modules - Learn product details such as features and benefits, as well as hardware and software specifications.

Huawei OXEG 24-Port 10GE/GE P2P Optical Interface

The H901OGHK board is a 48-port GE/FE optical interface board, providing Ethernet optical access. It supports up to 48 channels of GE/FE P2P access

StarTech Cisco GLC-FE-100FX Compatible SFP

The SFPF1302C is a Cisco GLC-FE-100FX compatible fiber transceiver module that has been designed, programmed and tested to work with Cisco® brand switches

Types of Optical Modules

© 2026 PROMETHEAS OPTICAL - All rights reserved

Types of Optical Modules Optical modules are available in various types to meet diversified requirements. Classified by transmission rates Depending on transmission rates, optical modules are

Optical Modules for Huawei S Series Switches

A switch must use optical or copper modules that have been certified for use on Huawei switches. Non-certified optical or copper modules cannot ensure transmission reliability and may affect service
